

Power & Torque

The GranTurismo Sport improves on Maserati's tradition of offering rich sporting character and high performance while also delivering comfort for four adults and effortless elegance and sophistication. An evolution of the GranTurismo S and the GranTurismo S Automatic, the GranTurismo Sport delivers a range of technical features that enhance its sporting character, both inside and out. Unveiled at this year's Geneva Motor Show, the GranTurismo Sport has been designed to stand out from the coupe market with aerodynamically efficient design upgrades derived from the MC Stradale. While its headlight shape remains the same, Maserati has fitted them with new lighting technology, including LED Daytime Running Lights. Capable of sprinting to 100km/h in only 4.7 seconds and reaching 300km/h, the GranTurismo Sport carries the latest evolution of Maserati's all-alloy, 4.7L V8 engine, boasting 338kW (460CV) of power.

Alfardan Motors is the official importer of Maserati in Oman. The showroom is located in Alfardan Building, Meydan Al-Azaibah, Off Sultan Qaboos Road, Ghubrah. For more details call on 24523014.

SQOOM Power

SQOOM, the world's first patented anti-aging skin treatment system, is now available in the region, at Galeries Lafayette, Dubai Mall. Developed by leading German dermatologist Dr. Helmut Christ, SQOOM consists of a handheld sonic device that uses medical technology to deliver specially developed gels and creams deep into the skin to achieve optimal levels of skin health and beauty. Using a mixture of ultrasound vibrations and ionization techniques, depending on the skin requirements, the gels and creams can be massaged into the skin for anti-aging treatment and/or to treat problems such as sport injuries, pigmentation, over exposure to sun, acne, wrinkles, dry flaky skin and scars.

World-Class Golf

The Sultanate of Oman will make its debut on the European Challenge Tour when the National Bank of Oman Golf Classic is staged for the first time at Almouj Golf, The Wave Muscat, from Oct. 24 to Oct. 27, 2013. Promoted by National Bank of Oman, the tournament will be the first Challenge Tour event of its kind not only in the Sultanate of Oman but also in the GCC and will offer a total prize-money of US\$300,000. With its place on the 2013 calendar (confirmed as the last event on the calendar before the season-end Challenge Tour Grand Final) the National Bank of Oman Golf Classic is set to attract a powerful field of 84 professionals with a further 30 invites available to the title sponsors, including ten for low handicap amateurs. From the professional invites to the National Bank of Oman Golf Classic, five will be allocated to other Challenge Tour events in return for amateur invites on a reciprocal basis, allowing Arab Nationals, subject to handicap requirements, to compete in other Challenge Tour events during the season.
