PUT YOUR BEST FACE FORWARD WITH THREE PRODUCTS GUARANTEED TO GIVE YOUR SKIN THE TLC IT DESERVES.

CLARINS CRÈME SOLAIRE SÉCURITÉ SPF 30

\$35

Protect your skin against harsh UVA and UVB rays with Clarins Crème Solaire Sécurité SPF 30. Perfect for sensitive skin, the lightweight formula prevents the irritation and redness some other brands cause, whilst the inclusion of Phyto-Sunactyl 2 Complex promotes a more even tan through reinforced protection. It's absolutely worth the investment when you consider that sunscreen is the most important step in any skin care regime.

SQOOM ANTI-AGING KIT

\$895

Best described as a needle-free, DIY facelift, SQOOM is the world's first hand-held, anti-aging and skin-health machine for at home use. Developed by German doctor Helmut Christ, the kit contains all you need for a complete transformation, including a cleanser, hyaGel, travel bag and dock charger. It's also worth noting that the fancy little device was listed in the top five 'must have' products by Harrods' beauty editor, and is offered to first class passengers travelling with Lufthansa and Swissair.

DR LEWINN'S EYE CREAM

\$39.95

Minimise the appearance of fine lines and wrinkles with Dr Lewinn's miracle Eye Cream treatment for men. Clinical studies show that active ingredient Peptide Eyeseryl helps visibly reduce the puffiness under your eyes within 15 days. Simply apply the product around the eye area morning and night and have your eyes well and truly opened to the fountain of youth.
